Total assets of the Scheme totalled \$7,916,138 as at 30 June 2022 (2021: \$9,191,559). The Scheme's total asset position will continue to reduce as the net Scheme assets are returned to unitholders following the finalisation of the legal actions.

Non-liquid Scheme

The Directors of the Former Responsible Entity resolved on 13 October 2008 that the Scheme was a non-liquid registered managed investment scheme in accordance with the Constitution and the Corporations Act 2001.

Litigation recovery right (LRR)

All unitholders were issued a LRR, for nil value, for each ordinary unit held in the Scheme on 15 March 2011. The LRR is a separate and transferrable entitlement that has been created to ensure all unitholders retain the right to their pro rata share of any net proceeds, after allowing for any costs borne by the ordinary unitholders, resulting from successful litigation undertaken. The Scheme had on issue 887,040,412 LRR units as at 30 June 2022 (2021: 887,040,412), and no further LRR units were issued during the year (2021: nil), nor were any redeemed (2021: nil).

Indirect cost ratio (ICR)

The ICR for the Scheme for the year ended 30 June 2022 is 7.84% p.a. (2021: 6.15% p.a.).

Directors' report
30 June 2022**

Significant changes in the state of affairs

In the opinion of the Responsible Entity there were no significant changes in the state of affairs of the Scheme that occurred during the period.

Events subsequent to the end of the reporting year

Other than what has been reported in the Litigation and contingent liabilities section, there has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the Responsible Entity, to affect significantly the operations of the Scheme, the results of those operations, or the state of affairs of the Scheme, in future financial years.

Litigation and contingent liabilities

Claim against former directors and officers of City Pacific Limited

Following judgment entered against certain directors of City Pacific Limited, the Responsible Entity reports as follows:

Stephen McCormick (now a resident of New Zealand) is now bankrupt and his affairs are being administered by the Insolvency Trustees NZ. Thomas Swan is now bankrupt, and his affairs are being administered by Gerald Collins (BDO). The estate of Ian Donaldson (dec'd) is now bankrupt and his affairs are being administered by Gerald Collins (BDO).

Philip Sullivan is now bankrupt, and Mr Anthony Castley of William Buck was appointed as trustee in August 2019 to administer the estate. Mr Castley has recently provided a circular to creditors outlining his findings concerning the bankruptcy estate.

In 2021, the Responsible Entity commenced proceedings as the trustee of the Scheme against CBRE Pty Ltd (CBRE) in relation to an allegedly negligent property valuation by CBRE, which the Responsible Entity alleges caused loss to the Scheme.

The Responsible Entity has filed its claim following the success of the Responsible Entity against a summary dismissal of proceedings brought by the defendant.

The Responsible Entity also lodged proceedings against QBE Insurance Group Limited concerning lenders mortgage insurance and directors and officers insurance taken out by City Pacific Limited and its former directors. This matter has now settled on a confidential basis in March 2022 with proceedings dismissed.

Other proceedings

While the Responsible Entity has not been served with new proceedings during the period in relation to the Scheme, directors note that litigation may still arise, particularly from interests associated with former directors of City Pacific Limited and also former borrowers of the Scheme.

Likely developments and expected results of operations

As the Scheme's remaining mortgage security properties have now been sold it is the intention of the Responsible Entity to return the net proceeds to unitholders once the bankruptcy and further litigation matters have been dealt with.

**Pacific First Mortgage Fund
Directors' report
30 June 2022**

Environmental regulation

The operations of the Scheme are not subject to any particular or significant environmental regulation under a law of the Commonwealth or of a State or Territory. There have been no known significant breaches of any other environmental requirements applicable to the Scheme.

Options

No options were:

- (i) Granted over unissued units in the Scheme during or since the end of the financial year; or
- (ii) Granted to the Responsible Entity.

No unissued units in the Scheme were under option as at the date on which this report is made.

No units were issued in the Scheme during or since the end of the financial year as a result of the exercise of an option over unissued units in the Scheme.

Indemnification of officers

Indemnification

Under the Scheme constitution the Responsible Entity is required to indemnify all current and former officers of the Responsible Entity (but not including auditors) out of the property of the Responsible Entity against:

- (a) any liability for costs and expenses which may be incurred by that person in defending civil or criminal proceedings in which judgement is given in that person's favour, or in which the person is acquitted, or in the connection with an application in relation to any such proceedings in which the court grants relief to the person under the Corporations Act 2001; and
- (b) a liability incurred by the person, as an officer of the Responsible Entity or of a related body corporate, to another person (other than the Responsible Entity or a related body corporate) unless the liability arises out of conduct involving a lack of good faith.

Insurance premiums

During the financial year, the Responsible Entity paid an insurance premium in respect of a contract insuring each of the officers of the Responsible Entity. The amount of the premium is, under the terms of the insurance contract, confidential. The liabilities insured include costs and expenses that may be incurred in defending civil or criminal proceedings that may be brought against the officers in their capacity as officers of the Responsible Entity or related body corporates. This insurance premium does not cover auditors. The Scheme has not indemnified any auditor of the Scheme.

Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out on page 5.

This report is made in accordance with a resolution of the Directors of the Responsible Entity.

Pacific First Mortgage Fund
Notes to the financial statements
30 June 2022

Note 1 Reporting entity

Pacific First Mortgage Fund (Scheme) is a registered managed investment scheme under the Corporations Act 2001 (Act). The financial statements of the Scheme are for the year ended 30 June 2022, and have been prepared on a wind-up basis rather than on a going concern basis. Under the wind-up basis of reporting, assets and liabilities are presented in decreasing order of liquidity and are not distinguished between current and non-current. The Scheme is a for-profit entity.

The Scheme was constituted on 23 June 1998 and will terminate on 23 June 2078, unless terminated in accordance with the Scheme's Constitution. At this time, the Scheme is to realise all assets and satisfy all liabilities, with surplus funds being distributed to unitholders.

Note 2 Basis of preparation

(a) Statement of compliance

The remaining mortgage loans held by the Scheme were realised during the financial year ended 30 June 2015. As a result, it is the intention of Trilogy Funds Management Limited (Responsible Entity) to wind-up the Scheme once all standing consequences of litigation have been resolved (refer Note 14).

The financial statements are a general purpose financial report which has been prepared in accordance with Australian Accounting Standards including Australian Accounting Interpretations adopted by the Australian Accounting Standards Board and the Act. The financial statements of the Scheme comply with International Financial Reporting Standards and interpretations in their entirety.

In adopting the wind-up basis of reporting, the assets are stated at their anticipated settlement amounts. The estimated net residual value of the asset represents the Responsible Entity's best estimate of the recoverable value of assets, net of selling expenses. Given the uncertainties in valuing assets on a wind-up basis, it is likely that the valuation of assets included in these financial statements may differ from actual values on

The financial statements were approved by the Board of Directors of Trilogy Funds Management Limited on 29 September 2022.

(b) Functional and presentation currency

These financial statements are presented in Australian dollars, which is the Scheme's functional currency.

(c) Key assumptions and sources of estimation

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future period affected.

In particular, information about significant areas of estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognised are disclosed in:

- Note 12(a): Financial risk management (credit risk)

Pacific First Mortgage Fund
Notes to the financial statements
30 June 2022

Note 3 Significant accounting policies

The Accounting Policies adopted are consistent with those of the previous financial year.

There are no new relevant Accounting Standards mandatory for future reporting periods which need to be considered for early adoption.

(a) Expenses

All expenses, including management fees, are recognised in the statement of profit or loss and other comprehensive income on an accruals basis.

(b) Taxation

Under current legislation the Scheme is not subject to income tax as its taxable income including assessable realised capital gains is distributed in full to the unitholders. The Scheme fully distributes its distributable income, calculated in accordance with the Scheme's constitution and applicable taxation legislation, to the unitholders who are presently entitled to the income under the constitution.

Financial instruments held at fair value may include unrealised capital gains. Should such a gain be realised that portion of the gain that is subject to capital gains tax will be distributed so that the Scheme is not subject to capital gains tax.

Realised capital losses are not distributed to unitholders but are retained in the Scheme to be offset against any future realised capital gains. If realised capital gains exceeds realised capital losses the excess is distributed to the unitholders.

(c) Unit prices

The unit price is based on unit price accounting outlined in the Scheme's Constitution and Product Disclosure Statement (PDS).

(d) Terms and conditions of units on issue

Each unit confers upon the unitholder an equal interest in the Scheme and is of equal value. A unit does not confer an interest in any particular asset or investment of the Scheme. Unitholders have various rights under the Constitution and the Corporations Act 2001, including the right to:

- have their units redeemed;
- receive income and capital distributions;
- attend and vote at meetings of unitholders; and
- participate in the termination and winding up of the Scheme.

The Scheme is not required to complete a statement of changes in equity as all unitholder funds have been classified as a financial liability.

(e) Increase/decrease in net assets attributable to unitholders

Income that has not been distributed to unitholders has been recognised in the statement of profit or loss and other comprehensive income in either the current or a previous period and attributed to unitholders.

Pacific First Mortgage Fund
Notes to the financial statements
30 June 2022

Note 3 Significant accounting policies (continued)

(f) Issued units

Ordinary units

Units issued to unitholders represent a right to an individual share in the Scheme and does not extend to a right to the underlying assets of the Scheme.

Litigation recovery right (LRR)

The LRR is a separate and transferrable entitlement that has been created to ensure all unitholders retain the right to their pro rata share of any net proceeds resulting from successful litigation undertaken.

(g) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of assets that necessarily take a substantial period of time to prepare for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in the profit or loss in the period in which they are incurred.

(h) Trade and other receivables

Receivables are recorded at amortised cost less impairment and may include amounts for distributions and interest. Distributions are accrued when the right to receive payment is established. Interest is accrued at the reporting date from the time of last payment. Amounts are generally received within 30 days of being recorded as receivables.

(i) Goods and services tax

Rental income, management fees, custody fees and other expenses are recognised net of the amount of GST recoverable from the Australian Taxation Office (ATO) as a reduced input tax credit (RITC).

Payables are stated with the amount of GST included.

The GST recoverable from the ATO is included in trade and other receivables, while GST payable to the ATO is included in trade and other payables, both of which are presented in the statement of financial position.

Cash flows are included in the statement of cash flows on a gross basis.

(j) Trade and other payables

Trade and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the Scheme during the reporting period, which remains unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

(k) Impairment of non-financial assets

At the end of each reporting period, the Responsible Entity assesses whether there is any indication that an asset may be impaired. The assessment will include considering external and internal sources of information. If such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset to its carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the statement of profit or loss and other comprehensive income.

Where it is not possible to estimate the recoverable amount of an individual asset, the Responsible Entity estimates the recoverable amount of the cash-generating unit to which the asset belongs.

It holds these investment assets at the discretion of the Responsible Entity in accordance with the Scheme's Constitution and PDS.

Specific financial risk exposures and management

The main risks the Scheme is exposed to through its financial instruments are credit risk, liquidity risk, operational risk and market risk relating to interest rate risk.

The nature and extent of the financial instruments employed by the Scheme are discussed below. This note presents information about the Scheme's exposure to each of the above risks, the Scheme's objectives, policies and processes for measuring and managing risk.

The Board of Directors of the Responsible Entity has overall responsibility for the establishment and oversight of the Scheme's risk management framework.

The Board is responsible for developing and monitoring the Scheme's risk management policies. The Responsible Entity's risk management policies are established to identify and analyse the risks faced by the Scheme, including those risks managed by the Responsible Entity, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Scheme's activities.

The Responsible Entity's Compliance Committee and its Audit Committee oversees how management monitors compliance with the Scheme's risk management policies and procedures and reviews the adequacy of the risk management framework in relation to the risks faced by the Scheme.

Note 12 Financial risk management (continued)
Specific financial risk exposures and management (continued)

(a) Credit risk

Credit risk is the risk that a counterparty to a financial instrument will fail to discharge an obligation or commitment that it has entered into with the Scheme and cause a loss. The Responsible Entity manages the exposure to credit risk on an ongoing basis.

The carrying amount of the Scheme's financial assets represents the maximum credit exposure. The Scheme's maximum exposure to credit risk at the reporting date is as follows:

	Note	2022 \$	2021 \$
Financial assets			
Cash and cash equivalents	7	7,916,138	9,191,559
Total financial assets		7,916,138	9,191,559

This risk is minimised by regularly reviewing the Scheme's trade and other receivables. The ageing of trade receivables at the reporting date are all current with no amounts past due or impaired.

(b) Liquidity risk

The tables below reflect an undiscounted contractual maturity analysis for financial liabilities.

	Carrying amount \$	Contractual cash flows \$	< 3 months \$	3-6 months \$	6-12 months \$
2022					
Financial liabilities					
Unitholder funds	6,400,290	6,400,290	-	-	6,400,290
Trade and other payables	1,515,848	1,515,848	123,849	-	1,391,999
	7,916,138	7,916,138	123,849	-	7,792,289
2021					
Financial liabilities					
Unitholder funds	7,540,344	7,540,344	-	-	7,540,344
Trade and other payables	1,651,215	1,651,215	199,612	-	1,451,603
	9,191,559	9,191,559	199,612	-	8,991,947

(c) Capital management

The Scheme's capital management strategy seeks to maximise the return of capital to unitholders through optimising the level and use of capital resources and the mix of debt funding.

The Scheme's capital management objectives aim to:

- ensure that the Scheme complies with capital and distribution requirements of its Constitution and PDS;
and
- ensure sufficient capital resources to support the Scheme's operational requirements.

Note 12 Financial risk management (continued)

(d) Market risk

Market risk is the risk that changes in market prices, such as interest rates, will affect the Scheme's income or the value of its holdings of financial instruments. Market risk embodies the potential for both loss and gains. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return on risk.

The Scheme's objective was designed to provide investors with regular income from a pool of high yielding mortgage loans secured by registered first and second mortgages over real property and in certain circumstances collateral security. However given, amongst other things, the default by developers, the reduction in the market values and the inability to sell assets at reasonable prices, the Scheme was forced to suspend distributions to investors and subsequently commence liquidation of all Scheme assets in order to return capital to unitholders.

i. Interest rate risk

The Scheme has no financial liabilities as at 30 June 2022 (2021: nil) and therefore has no exposure to interest rate risk.

Interest rate sensitivity analysis

The Scheme's financial assets are subject to variable interest rates. The following table indicates the impact on how profit and equity values reported at the end of the financial year would have been affected by a 1.00% increase/decrease in interest rates during the year.

	Profit / (loss) \$	Unitholder funds \$
2022		
Financial assets*		
+1.00% in interest rates	95,755	95,755
-1.00% in interest rates	(95,755)	(95,755)
2021		
Financial assets*		
+1.00% in interest rates	121,429	121,429
-1.00% in interest rates	(121,429)	(121,429)

(e) Fair value estimation

The fair values of financial assets and liabilities approximate their carrying value. No financial assets or liabilities are readily traded on organised markets in standardised form.

The aggregate fair values and carrying amounts of financial assets and liabilities are disclosed in the statement of financial position and in the notes to the financial statements.

Note 13 Custodian of the Scheme

The Scheme's custodian is The Trust Company (Australia) Limited. The custodian holds title to the assets of the Scheme in its name on behalf of the Scheme. The total value of assets held by the custodian at cost as at 30 June 2022 totals \$7,916,138 (2021: \$9,191,559).

The custodian is entitled to an annual administration fee of \$15,000 (plus GST) (2021: \$15,000 (plus GST)), which is paid by the Scheme. The relationship between the custodian and Responsible Entity is set out in the Custodial Agreement.

Note 14 Litigation and contingent liabilities

Claim against former directors and officers of City Pacific Limited

Following judgment entered against certain directors of City Pacific Limited, the Responsible Entity reports as follows:

Stephen McCormick (now a resident of New Zealand) is now bankrupt and his affairs are being administered by the Insolvency Trustees NZ. Thomas Swan is now bankrupt, and his affairs are being administered by Gerald Collins (BDO). The estate of Ian Donaldson (dec'd) is now bankrupt and his affairs are being administered by Gerald Collins (BDO).

Philip Sullivan is now bankrupt, and Mr Anthony Castley of William Buck was appointed as trustee in August 2019 to administer the estate. Mr Castley has recently provided a circular to creditors outlining his findings concerning the bankruptcy estate.

In 2021, the Responsible Entity commenced proceedings as the trustee of the Scheme against CBRE Pty Ltd (CBRE) in relation to an allegedly negligent property valuation by CBRE, which the Responsible Entity alleges caused loss to the Scheme.

The Responsible Entity has filed its claim following the success of the Responsible Entity against a summary dismissal of proceedings brought by the defendant.

Other proceedings

While the Responsible Entity has not been served with new proceedings during the period in relation to the Scheme, directors note that litigation may still arise, particularly from interests associated with former directors of City Pacific Limited and also former borrowers of the Scheme.

Note 15 Events subsequent to reporting date

Other than what has been reported in the Litigation and contingent liabilities section, there has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the Responsible Entity, to affect significantly the operations of the Scheme, the results of those operations, or the state of affairs of the Scheme, in future financial years.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report. We are independent of the Registered Scheme in accordance with the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's *APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Trilogy Funds Management Limited as Responsible Entity of Pacific First Mortgage Fund, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter - Basis of preparation

We draw attention to Notes 1 and 2 of the financial report, which describes the basis of preparation. The financial report of the Registered Scheme has been prepared on a wind-up basis, given the Directors of Trilogy Funds Management Limited as Responsible Entity of Pacific First Mortgage Fund intend to wind up the Registered Scheme once all standing consequences of litigation have been resolved. Our opinion is not modified in respect of this matter.

The directors of Trilogy Funds Management Limited as Responsible Entity of Pacific First Mortgage Fund are responsible for the other information. In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

In preparing the financial report, the directors are responsible for assessing the Registered Scheme's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Registered Scheme or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.
